Owner/President Full-Tilt Constructors - Present 2018

- Full-Tilt Constructors offers a team of quality-minded professionals for turn-key tilt-up concrete construction for commercial, industrial and institutional projects throughout the United State of America.
- Full-Tilt Constructors provides self-performed tilt-up panels, foundations and slab on grade, design/build services and in-house job planning services.
- Full-Tilt Constructors employs the most experienced and most effective team of tradesmen to insure that our customers receive quality professional services in every situation and on every job.
- Full-Tilt Constructors has extensive experience with specialty floors such as, dry-shake floor hardeners, super-flat floors and light reflective floor toppings.
- Leadership: Richard W. Proctor – Owner, President and Scott M. Roberts – Owner, Vice President. They each have specialty concrete industry experience at the management level that is equal to over 25+ years.
- Accounting and Office Management – Carmen G. Johnston has over 25+ years in specialized Job Cost Accounting, Corporate Accounting, and extensive tax preparation experience. Carmen is pursuing certification as a LEED Green Professional because our company is committed to the Green Built Environment.
- Full-Tilt Constructors mission and commitment is to provide our customers with superior quality concrete construction that is guaranteed to meet and exceed all our client's expectations. Serving the needs of the customer is our number one priority. Richard and Scott will provide hands on involvement on every project and will be available to answer any and all customer questions. Richard and Scott guarantee, "Any customers of Full-Tilt Constructors can be assured that the job will be completed to their specifications by a professional, safe and efficient team of experienced and qualified individuals."
